## About Us

Kailash Group of Hospitals is a chain of multi super-specialty hospitals spread across Uttar Pradesh, Uttarakhand, and Delhi-NCR. The Group made its humble beginning more than 3 decades back. Our hospitals are equipped with ultra-Modern technologies & advanced healthcare

## Our Vision

The hospital strives to provide quality healthcare services through patient safety, service excellence and training programs.

## Our Mission

We, at Kailash, provide healthcare services of international standard, by having state-of-the-art infrastructure, varied spectrum of clinical services, highly qualified and experienced professionals, dedicated staff and patient-friendly culture.

**Dr. Mahesh Sharma**

Founder Chairman

Kailash Group of Hospitals

One of the biggest giveaways to serve humanity is helping people in distress. To fulfill this goal, Kailash Group of Hospitals actively works to make healthcare services easily approachable and accessible by all sections of society. The aim of the hospital is to provide world-class healthcare services with a compassionate approach so that the person standing at the far end of society can benefit with the essential healthcare

The hospital is committed to achieving patient satisfaction by providing globally-benchmarked, quality-driven, and eco-friendly healthcare services and I hope that in the future, the hospital continues to provide and extend further the best international standards of quality care universally to all.

**Dr. Uma Sharma**

Chairperson

Kailash Group of Hospitals

**K**ailash Group of Hospitals holds a glorious history of more than 35 years. Over the years, it has transformed itself into a healthcare at par with international standard. We are committed to achieve patient satisfaction by providing our services on humanitarian and compassionate grounds. Our group hospitals have state-of-the-art infrastructure, large spectrum of clinical services, highly experienced and qualified professionals, dedicated staff and a patient friendly organizational culture.

Advances that have recently taken place, particularly in the field of medical science & technology, have changed the entire scenario. Keeping abreast with these developments is essential to raise the standard of healthcare delivery

*Uma Sharma*

## Treating Patients Across the Globe

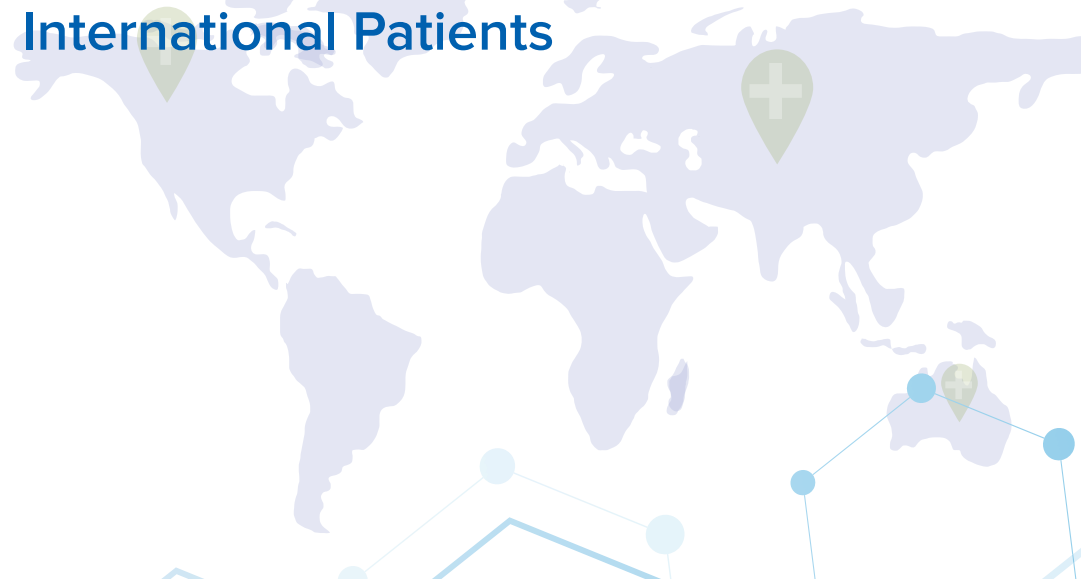

## International Patient Services

We are proud to say that Kailash Group of Hospitals has become a preferred healthcare destination for international patients in India and South East Asia.

So far the Group has provided excellent healthcare services to citizens from South and Central Asia, Middle East, Africa, Europe, Latin and North American countries.

We offer personalized patient-centric healthcare services to international patients such as patient-coordination, query handling, identifying the doctor in advance to meet the patients' specific needs. Overall, we offer assistance at every step you take toward the better health including the admission process, doctor consultation, all the way

## Premium Healthcare Experience for International Patients

## VISA Assistance

At the very first step, we recommend that our patients apply for a Medical Visa. We will be happy to assist you with visa recommendation letters if required. We work closely with embassies and consulates across various parts of the world to ensure a smoother visa process

## Airport Transfer

Before your arrival to the hospital, our international patient services team will send you the name and contact details of the staffer being sent to meet you. If you need help upon arrival at the hospital or accommodation, the designated person will assist you. In case you are unable to locate them, please contact our hospital helpline

## Remote Counseling

By giving us your medical details and attaching medical reports, we will answer query of yours, guide you towards consulting a doctor, share all inclusive cost-estimate, etc. Following successful treatment, our doctors also advise the patient about post-operative care and follow

## Schedule Appointments

If you are not sure which doctor to consult, our team of patient coordinators will guide you thoroughly and share expert-opinion on the treatment to be followed. Our assigned coordinator assists in VISA and FRRO, airport pick-up and drop facility, currency exchange facilitation, mobile phone arrangements, organizing accommodation, airport transfers, for

## Cost Estimation

After reviewing your medical reports, our team of doctors will diagnose your ailment and recommend you a course of treatment. On the basis of this course, we will estimate the cost of treatment. This service is free of cost.

## Special Dietary Needs/ Religious Arrangements

Food intake is a major contributor to quality of life and well-being, not only in health but also in disease. Therefore, our food provision is flexible enough to cover all requirements of patients & their attendants. We also allows complimentary stay & accommodation for patient's attendant during your hospital admission, so your dear

## Patient Assistance

The hospital has a dedicated team for International Patient Services including well-trained coordinators to take care of all clinical and administrative requirements of patients as well as their attendants. A personal coordinator is assigned to each patient and is responsible for taking care of all aspects of the patient's visit to India, ensuring that they feel at home.

## Language Interpreter

A dedicated patient coordinator is always here to help you with a smile throughout your stay. While being with the coordinator there will be no language barrier as Interpreter services are also provided by the hospital.

- » Free Sample Collection in the nearby areas.

The Group intends to proactively engage with the society by working with the communities in an empathetic manner. We focus to bring awareness among masses by organizing programmes on Nutrition, Health & Hygiene, and Livelihood from time to time.

In times like COVID-19, Kailash Group of Hospitals put forth its every effort to reduce the risk of infection, halt the transmission of the virus, and save lives. Kailash Group of Hospitals stood tall in taking this fight against the pandemic forward by providing optimum healthcare services. Following to that several massive immunization drives were also conducted by the Group that immensely contributed in our fight against the

# Ayurveda & Yoga

India is known for its ancient healing practices such as Ayurveda and Yoga - a reminder of our rich history and culture of our homeland. Ayurveda is a complete science of leading a healthy life. Being one of the most ancient, traditional systems of medicines, the Ayurvedic concept of medicine is preventive in nature as well as curative. Ayurvedic treatments deal with the root of the disorder, rather than just treating the symptoms.

We believe that holistic healing is the key to true wellbeing & overall rejuvenation where
